

BEACON PUBLIC SCHOOL

(A Unit of Beacon Educational Society)

Rajasthan Board Affiliation No. 3131

Date: 23.06.2020

Dear Parents,

Greetings

We hope you and your family is keeping healthy during these testing times.

The present pandemic condition has brought several changes in our day to day life. School also had to go through a sea change in the way it imparts education to its students. No one had ever foreseen that the school education would entirely turn from an offline to an online mode. Despite of all the challenges and limited options, the school took everything in its stride and developed an online model that suits all and ensured that the students do not stay away from studies.

We also assure you that we will continue to do the same till the entire situation is safe and conducive enough to reopen the schools as per the government guidelines.

We understand that the present economic status is under deep stress for everyone. **Owing to this, the school management has decided to waive off the school tuition fees for the first quarter i.e. April, May and June, 2020 for the parents/students who wish to continue with us in the academic year 2020-21.** For the parents who have already deposited the fees (monthly/quarterly/half yearly/annually), the same would be adjusted accordingly.

You are requested to deposit the second quarter fees latest by **10th July, 2020** as this would help us meet our monthly expenses smoothly.

The online classes would resume from 1st July, 2020 (Wednesday).

Please feel free to contact the office staff for any queries/doubts.

May God bless us all and hope this situation improves at the earliest.

Thanks & Regards

Abhishek Patni

Director
